

Inspire the Next Generation Aboard the USS Hornet Sea, Air & Space Museum

Join us at Techs on Decks on Saturday, November 14, 2026, and showcase your organization aboard one of the most storied aircraft carriers in U.S. history.

Techs on Decks brings together thousands of Bay Area students, families, and educators for a day of STEM exploration, hands-on activities, and career discovery. This is your opportunity to demonstrate your technology, share your mission, and inspire future innovators in AI, cybersecurity, aerospace, engineering, healthcare, defense, and beyond.

Techs on Decks

Nov 14, 2026 · 10 AM – 5 PM

WHY EXHIBIT?

- Showcase your products, technology, and innovations
- Connect with students, educators, and families across the Bay Area
- Highlight internships, scholarships, and career opportunities
- Participate in hands-on demonstrations and interactive experiences
- Align your organization with STEM education and community impact
- Network with leading technology, government, and nonprofit organizations

BE PART OF THE MISSION

Help students shoot for the moon and beyond while raising awareness of your organization at one of the Bay Area's most distinctive STEM events.

Reserve your exhibitor booth today!
